

SOFTWARE UPDATE

# GET THE MOST OUT OF YOUR CASIO G'ZONE COMMANDO.

Verizon Wireless is pleased to announce a new software update, C771M110, for your Casio G'zOne Commando.™

**Verizon Wireless and Casio encourage you to download this update.**

## Device Features

- + Device is enabled with the Wireless Alerting System.
- + The factory reset function has been added.
- + Setup Wizard will no longer duplicate the "Set up your Google Account" step.
- + Skip and rewind buttons will remain active during video or audio playback.
- + Successfully set ringback tones for contacts.
- + Mass storage mode functions with Windows® 7.
- + Improvements in GPS when connected over Wi-Fi.
- + Device successfully wakes-up from Sleep Mode.

## Email, Messaging & Web

- + Exchange Active Sync (EAS) no longer downloads multiple copies of contacts.
- + Text messages will send properly when connected to Wi-Fi.
- + Deleted emails will sync from the users Exchange account.

## Call Features

- + Device will no longer force close when on a call via Bluetooth® and another call comes in.
- + Push to Talk feature has been enhanced.
- + Improved transition between the Push to Talk call screen and the device Home Screen.
- + The device will only switch to speakerphone mode when Bluetooth is disconnected during a Push to Talk call.

## Applications & Widgets

- + The Follow Me avatar within VZ Navigator® now functions properly.
- + VZ Navigator notifications announce properly in a mono Bluetooth headset.
- + Album artwork will display for music purchased from iTunes.
- + Fixed Home App force close error.
- + Social Beat has been updated to version 2.1.22.
- + Calculator has been improved.

**COMMANDO™**
